

Three

<https://st3veyogi.wordpress.com/2024/09/27/three/>

Three is my lucky number.

That's for sure.

It has always been there.

The Three Little Pigs,

The Holy Trinity,

the Three Wise Men...

And what about The Three Musketeers, huh?

How many?

Two?

Four? Five? Six?

Nope!

Precisely! Three!

It chose me.

I had no choice.

You know what?

The number three works in mysterious ways.

Listen...

Three times three is nine
and nine is a multiple of three.
Coincidence? I don't think so.

Gee, think about it with glee!
Think about the mighty power of number three!

Oh, my dear three!
I do really love thee!
